EKAW 2010

Lisbon, Portugal

October 11th–15th, 2010

17th International Conference on
Knowledge Engineering
and Knowledge Management

Knowledge Engineering and Knowledge Management by the Masses

The 17th International Conference on Knowledge Engineering and Knowledge Management is concerned with all aspects of eliciting, acquiring, modeling and managing knowledge, and its role in the construction of knowledge-intensive systems and services for the semantic web, knowledge management, e-business, natural language processing, intelligent information integration, etc. The focus of the 17th edition of EKAW will be on **"Knowledge Management and Engineering by the Masses"**.

Besides a research track, EKAW 2010 will feature a tutorial and workshop program, as well as a poster and demo track. The proceedings of the conference will be published by Springer Verlag in the LNCS series. Poster/demo notes and workshop/tutorial notes will be published separately in a companion booklet.
